

C#.Net Developer

Programming in **PARADISE**

Opportunity to work on the famous beautiful
Madeira Island as a software developer

We are looking for a Software Developer who is interested to live and work in one of the most beautiful places in the world: Madeira Island, the pearl of the Atlantic, continuously voted for as the best island destination.

www.connecting-software.com

WINTER IS COMING! ^{but}

You can live and work on a warm island

So, if you want to flee the winter - this is a great chance!

Want to live on the flower island with eternal springtime? Apply now!

Looking for a challenging job in the area of C#.Net development? With direct contact to our global customer base, you will have a chance to improve the quality and functionalities of our products used all around the world. What are you waiting for?

Come and work in a family-owned company, with no politics like in enterprises and no pressure like in venture driven start-ups. Altogether we are around 40 people from 12 different nations: Connecting Software has an international flair - become part of it!

Arrange your schedule to have an optimal work-life balance - it is possible! You may need a day to surf a perfect wave, or go for a dive, hikes or other activities - feel free to discuss with us your dreams.

Care about safety? Madeira, Portugal is one of the safest places within the European Union - surrounded by the ocean with breathtaking views and comfortable weather.

You will work with Dynamics 365 and SharePoint. We have a worldwide unique solution, where we need to expand the team because of increasingly new functionalities and add-ons we want to make.

Check www.connecting-software.com to see the team, our spirit and our products.

Responsibilities:

- Development of new software features, development of automated tests
- Bug-fixing
- Manual testing
- Customer support for our document security solution (support sessions, troubleshooting, trainings and mail support)
- Documentation creation
